In view of the critical power situation in Kerala, Board has accorded sanction to impose power restriction on all HT/EHT and LT consumers vide Board Orders read as 3rd & 4th paper above. Any consumption over and above the quota fixed shall be charged at the actual cost of additional power purchase required, calculated on a monthly basis.

The Kerala State Electricity Regulatory Commission accorded sanction, vide order dated 18.08.2008 read as 2nd paper above, to impose fuel surcharge to meet the loss sustained to the Board due to increase in fuel charge and UI charges.

The Kerala Water Authority vide letter read as 1st paper above has requested to exempt them from the additional burden imposed by power restriction and to issue direction to field officers for accepting part payment, excluding the cost of purchase power (high cost component).

As per the decision of Full Time Members meeting held on 22.10.2008, the Chief Engineer (Commercial & Tariff) vide letter dated 31.10.2008 intimated the field officers that *the Kerala Water Authority may be allowed to remit at normal tariff along with fuel surcharge for the entire consumption without insisting the remittance of entire demand charges till a final decision is taken on the issue on transfer cost of power*.

Now Board has examined the note of the Chief Engineer (Commercial & Tariff) read as 7th paper above on the matter and accorded sanction to realize thermal surcharge for the entire quantity and not to recover marginal cost for the excess over quota from M/s Kerala Water Authority provided they give an undertaking that they will ensure equipments with ***BEE standards*** are used in their pumping stations and installations.

Orders are issued accordingly,
